Meister Cup Race 2015

## Dick Calvert, 10th Mountain Division, 86-HQ-2

Former resident Dick Calvert, who passed in September, was paid tribute with a memorial ski run at Waterville Valley on February 6. You may have heard that Dick was honored by Waterville Valley and the Silver Streaks ski team with a new trail named after him, "Calvert's Crossing." As Dick never had the chance to try the new trail before his passing, this special memorial run was planned in celebration of his life.

We featured Dick in a Gazette article in Spring 2015, when he garnered national attention for being the oldest 10th Mountain Division WWII Veteran to ski in the Hannes Schneider Meister Cup race held at Cranmore Mountain. Not only was Dick the oldest Masters Ski Racer in New England at the time, he won his class, finished 117/197 overall, and was still skiing 45 days a year with no thoughts of stopping.

I remember how humble Dick was when I spoke to him about this race. He really did feel like he was getting more attention than he deserved, but other accounts of the event showed that his "more modern" 10th Mountain Division counterparts disagreed. Dick Calvert was a true force on the slopes!

Taylor President/CEO Michael Flaherty attended the February 6 event, as did Dick's grandson, David Prescott, and great-grandson, Connor, who are pictured at right. The 10th Mountain Division was well-represented, and the group skied single file down the newly opened trail in honor of Dick, a very moving tribute. David later had opportunity for a lovely visit with resident Millie Calvert (much-loved widow of Dick, and David's grandmother), and told her all about the special day's events.

Inspired by Finnish soldiers on skis fighting against invading Soviet troops in 1939, Charles Minot Dole, founder of the National Ski Patrol, persuaded the federal government to establish a new mountain fighting unit. Under a special contract with the war department, the Ski Patrol hand picked recruits for the 10th Mountain Division from skiers and mountaineers from all over the country. Taken to Camp Hale, Colorado, they trained for two winters under extremely brutal conditions. Although they never actually skied in combat, the division deployed to Nazi-occupied Italy where in 1945 they scaled a 1500-foot cliff paving the way for that country's liberation.

Some of the largest ski areas in the country were founded by returning members of the 10th Mountain Division. Members were in some way connected with most areas, and are credited for giving rise to the modern U.S. ski industry. Today's 10th Mountain Division, a light infantry division based at Fort Drum, NY, no longer specializes in winter warfare, but retains the "mountain" designation for historical purposes.

*In this photo at left from the 2013 Hans Schneider Meister Cup Race brochure, Dick is pictured second from left with his singing group, The Balladiers of the 86th Mountain Infantry Regiment at Camp Hale, on May 30, 1944.*

Our own Woodside Bistro's Team is this week's Staff Spotlight. Our Lunch team is small but mighty: Julie, Tonya, Lou, Ben, Al, and Jason. Led by Jason, all reflect what Taylor envisions for customer service. I personally do not make it up to the Bistro as much as I would like, but when I do, I see that most of our staff and residents are greeted by name and we all receive a warm smile. Coming from a hospitality background, I know the impact first hand that little gestures and respect have on repeat customers and referrals. Our Bistro team then go the extra mile; they bring out meals when they can, and also ask how the food is. Along with top notch service skills, the team offers homemade comfort foods like mac-and-cheese and meatloaf, but also mixes it up with more exotic offerings like Duck Wings and Crab Cakes. If you really want to let the taste buds dance, next time you're looking for something to eat have the Pub Burger with cheddar, grilled mushrooms and onions, with a side of fries lightly dusted with salt. I'll bet you will agree, the best burger in town.

We cannot thank Glendale enough for providing us with the talent we have here on the Taylor Campus. They sure have *stepped up to the plate* and knocked it out of the park.

### Scam Alert

Beware! This scam has surfaced on campus again...

A Resident received a very official looking check in the mail made out to her. The \$4500.00 check was accompanied by a letter (on official-looking letterhead) confirming that she was a second-prize winner in an international sweepstakes draw. It indicated prize winnings of \$450,000.00 and that the check was provided to help pay processing fees. It further advised her that she should contact her claim agent, and provided a name and telephone number.

We're glad she didn't take the bait... but contacted Ed Soucy — VP Finance instead.

**Monday – March 25 – Lecture Program: Author John Tuohey** – ...but few are chosen is the story of three boys coming of age in the mid-1950s. Growing up in working class Irish Catholic neighborhoods in the Northeastern United States, they are desperate to escape lives of loneliness, petty crime, and violence. At the age of thirteen, ready to enter high school, they each come to the same life changing, and possibly life-saving decision to enter a seminary and begin their journeys toward the priesthood. The book chronicles Mike, John, and Ollie's fears, frustrations, hopes, and dreams while they proceed on their very unique path to adulthood via St. John's Atonement Seminary in Montour Falls, New York. There, the three meet, eventually become lifelong friends, and begin the transition to being successful and contributing members of society. **Woodside, 6:30PM.**

## Taylor Home Happenings

Taylor Home residents were very pleased by a visit from Carolyn Dorff, who taught a Voice Class on January 30. Carolyn, who holds an MFA in Vocal Pedagogy from North Carolina School of the Arts, instructed the avid group on breathing and technique, led some vocal exercises, and then together they learned and sang some songs.

Lots of the same folks and more at Taylor Home enjoyed Super Bowl LIII on the "big screen" together. The building's state-of-the-art theater system with its 11'-wide high-contrast projection screen has made this type of event so much more fun!

The home team spirit was also evident at Opechee Harbor; here's Georgie and Ryan ready to watch the game in style.

We wonder who we'll play in next year's big game. ☺
