## **It's Been Cold Out... but it's 92 Degrees in the Woodside Pool!**

### **Friday Night Swim with Martha**

Martha McIntyre has launched the first-ever swim lessons at Taylor Community for children over two years of age.

Parents of children who had "aged out" of the popular Water Babies program have made numerous requests for a successive class... Look at these beautiful smiles! Thank you, Martha! This is a real **Win—Win** for local families and Taylor Residents!

### **And How About This for Fun?**

Here's the fabulous ladies of Tammy's Aqua Circuit class, performing for her a finely choreographed water ballet! Look at how much fun they're having... and getting fit at the same time, too!

## **Taylor Community 2019 Music Series**

**Paul Dykstra**

**Sunday, March 24 at 3pm**

Taylor Community's 2019 Concert Series, sponsored by Bank of New Hampshire, continues Sunday, March 24 at 3pm. The concert will feature Pianist Paul Dykstra in the inaugural performance with Taylor Community's new Yamaha GC2 piano. Classical music will include Schubert, Beethoven and Chopin.

Dykstra hails from Canada and resides in the Lakes Region and Portsmouth, where he has a private studio. He is a member of the College of Examiners of the Royal Conservatory of Music, and has studied, performed, adjudicated, and mentored young musicians all over North America. A frequent performing artist on the Taylor Concert Series, he has brought many friends and musicians along to perform classics of the chamber repertoire.

This event, which is free and open to the public, is kindly sponsored by John Earley, Harriett Morse, Kit Peterson, Carolyn Parker, and Marge Steady.

### **Is that Jason Seavey?**

Yes! Taylor Chef de Cuisine! As a former contestant of the Steel Chef Challenge, he was requested to join all other alumni in catering the V.I.P. Cocktail Hour for the 4th annual event March 11, where each served an appetizer of their choosing. Way to represent, Jason!!

### than or then?

- **Than** is a preposition, and means *in contrast to*. (Broccoli has more Vitamin C **than** spinach.)
- **Then** is an adverb, and means *next*. (We met for coffee, **then** went to the book store.)

## Is Spring Really Coming?!

Well, yes it is, but March sure did start out cold! Although we've had our share of winter weather lately, we can still be encouraged by the longer days. By March 15, sun-up to sun-down, the day is 11 hours and 54 minutes long. This compares to the shortest day back on December 20 when we had only 8 hours and 57 minutes. That means we've picked up almost 3 hours of daylight, and we pick up another 47 minutes by the end of March. *Hang in there!*

## And with Spring Really Coming...

Please remember that our campus-wide speed limit is 19mph, and do use caution driving on the roadways; our Grounds crew will begin Spring clean-up soon and we want all to be safe!

## Save the date!

President and CEO Michael Flaherty  
will hold an informational

### VNA Grief Support Group

The Central NH VNA & Hospice Grief Support group will start up again in April, meeting on Wednesdays from 2—3pm in Woodside's Maple Room from April 3 through April 24.

They welcome you to join them to learn about the grief process, discuss ways of coping, and gain the support of others in a safe, caring environment.

Grief is a unique experience through which each person finds their own path, yet there are common threads we all may share. Sharing and hearing each other tell our stories can itself be healing. Topics will include how grief affects our bodies, minds, emotions, social life, and spiritual life as well as ideas for good self-care and how to approach difficult times of day or year.

If you'd like to join the group, please call Hank Offinger at 366-1207.

# Thank You!

Those of us who were so fortunate to enjoy the wonderful symposium at the Camden Conference on China want to thank Eric and Beryl Charlton for making this possible.

Their thoughtfulness and hard work were able to bring this intriguing and special intellectual offering to the residents of Taylor and we are profoundly grateful for their gift to us. Speaker after speaker offered informed analyses and different outlooks concerning the issues facing China, the US, and the rest of the world as we continue this century. Eric and Beryl, Thank You! We should also thank Brenda Kean for her help in making all the arrangements to stream the event.

## SPRING TRIP TO MYSTIC, CONNECTICUT June 12, 13 and 14, 2019

*Reservations open!*

Mystic Seaport Museum is the nation's leading maritime museum. Founded in 1929, the Museum is home to four National Historic Landmark vessels, including the Charles W. Morgan, America's oldest commercial ship and the last wooden whaleship in the world. The Museum's grounds cover 19 acres on the Mystic River and include a recreated 19th-century coastal village, a working shipyard, formal exhibit halls, and state-of-the-art artifact storage facilities.

Our group will stay at the historic Elias Brown Mansion - The House of 1833 - a 19th Century Greek Revival Mansion and national landmark masterpiece on three beautifully wooded and landscaped acres of gardens and fountains. Our stay will include the 1833 House's world-famous full New England Country Gourmet

Candlelight breakfast and features a seasonal full-size swimming pool surrounded by lush gardens. This architectural gem is a mere 1.25 miles from Olde Mystic Village and Aquarium... and the closest B&B to Foxwoods Casino. Two relaxing parlors, historic dining room, front porch rocking chairs, English Garden Boardwalk (where breakfast is served), 6 guest rooms with private baths, air conditioning, jacuzzi tubs, private porches and working fireplaces. We will have this entire Mansion to ourselves!

This historic mansion will be our "base" for a special visit to the Mystic area. Our group will meet to discuss the vast array of potential activities while in the area and decide as a group what additional stops we will make.

**Accommodations are \$140/night per person. Availability is extremely limited. Please make your reservation by calling or emailing Brenda at 366-1226 or bkean@taylorcommunity.org.**

## Squam Lakes Natural Science Center Trip March 1

The recent trip to Squam Lakes Natural Science Center for the organization's Winter Bird Banding program was a lot of fun. This popular event gives participants a chance to see wild birds up close and to learn why and how the Science Center captures, bands, and releases birds that gather at the winter feeding stations.

Through spectacular wild animal exhibits, natural science education programs, an informational public garden, and lake cruises, Squam Lakes Natural Science Center has brought people Nearer to Nature since 1966.

The Mission of Squam Lakes Natural Science Center is to advance understanding of ecology by exploring New Hampshire's natural world.

## Aviation Museum of New Hampshire March 8

This was a fun, informative trip, with particular significance for both Back Bay Resident Barbara Wood and the Museum. During the visit, Barbara donated the "tie-down" anchor used to secure Charles Lindbergh's plane when he landed in Concord, NH on July 25, 1927. The anchor had belonged to her husband Win's mother. Museum curators were thrilled with this new addition to their collection.

Jason Anick Acoustic Trio  
Sunday, March 3 at 3pm

Taylor's 2019 Concert Series, sponsored by Bank of Laconia, will feature the Jason Anick Acoustic Trio. Fiddle, guitar and bass – it's a combination as old as the hills. But follow Jason Anick, Max O'Rourke and Greg Loughman into those hills, and you'll find yourself taking a ride through a variety of music that's sure to make you say "Wow!" This event, which is free and open to the public, is kindly sponsored by Taylor Residents Barbara Harris and Bonnie & Jim Doherty.

John is shown in this photo near a naturally occurring burl behind Woodsie. A burl results from a tree undergoing some form of stress, caused by an injury, virus or fungus. Insect infestation and certain types of mold are the most common. Photo credit Bryan Walker

## Progress update!

Well it is true what they say about time flying when you're having fun... but here we are and it's March 13<sup>th</sup> already!

As is plainly evident, Larry and Bob from Bolstridge Logging are having fun with their really large equipment (as my wife calls them... our big boy toys), but in reality, these

large monstrosities make quick work of taking down the largest of trees.

Bolstridge Logging is doing a bang up job harvesting the Taylor forest so far, and in total we have shipped 27 truckloads of bio-mass chips, pine and hardwood logs to date.

The operation began with the 3-acre lot that will become the location for our six new cottages (see Cathy Landroche's pictures), and has since moved out to the back of Woodside. In order to be efficient, a wide trail through the woods has been created that is being used as the skid trail. This allows the whole tree to be dragged back to the log landing where it is processed and sorted by quality and species.

We currently estimate that we have another three weeks of work before the operation will be complete, but this is dependent on weather and such. Later this spring or early summer, we will clear the main trail and evaluate the woodlot for new trails and additional recreational activities.

Craig from Nutter Enterprises has informed us that he intends to move his large excavator to the site the week of 3/18 so he can begin the work of stumping the 3-acre lot. Now things will get really busy! Craig will be using the stumps for erosion control, so the stumps will actually be removed from the ground, shaken to get the dirt off, and then ground up on site!

A couple of targets:

- We are still waiting on construction permits, so actual site work will commence April 1 or later.
- Completion expected for all cottages by 12/31
- Woodside Pavilion construction to start approximately 5/13/19
- Garden boxes to be moved by Grounds dept. and set up behind Woodside by end of April for the growing season

With all this exciting work on campus, I must ask for everyone's cooperation:

- The woods around Woodside remain *OFF LIMITS* until the completion of logging activity.
- The 3-acre construction site will remain *OFF LIMITS* until further notice.
- Please be aware of the trucking activity on campus and drive safely and *SLOWLY* near the work area.
- Parking will remain difficult until Fall when we will near completion of construction... *please make use of the rear entrance to Woodside as often as you can.*
- Direct any questions or concerns to me at 366-1214.

## Staff Spotlight Jenni Holmes

Jenni Holmes recently became our Unit Manager on the Nursing Unit.

A New Hampshire native, Jenni was born and raised in Concord. She started working at the age of 13 in her uncle's carwash on weekends, and loved making her own money and being independent. In Jenni's senior year of high school she was trying to figure out what she wanted to do with herself; at the time she wasn't yet ready for college. A friend of hers, Kelly, was going through the Merrimack County Nursing Home LNA program and recommended Jenni do the same. Jenni signed up for the LNA course at Aspire Educational Services at the former Integrated Health Services (IHS) of Derry in the last semester of her senior year.

Jenni's first LNA job was at the Harborside in Bedford, NH, and she worked as an LNA for 9 years at various places throughout Concord and Manchester, NH. During this time she met and married her husband Ryan, and they had a daughter, Savannah. When after 3 years Jenni and Ryan parted ways, Jenni decided she would go back to school and become an LPN. With the help of her parents she was able to work full time as an LNA, go to school, and take care of Savannah.

Her LPN course completed, Jenni secured a position at Presidential Oaks in Concord where she would stay for the next 11 years, working her way up from floor nurse to weekend supervisor, 3-11 supervisor, and ultimately to Unit Manager.

At Presidential Oaks, Jenni met her significant other, Wayne, when Savannah was 6. Wayne had two daughters of his own: Ashley, 4, and Hannah, 3. A few years later they added girls Meredith and Oliviah to the "bunch." Soon after having Oliviah, Jenni decided she needed to continue working towards her RN and enrolled in school. Jenni worked per diem at Presidential Oaks and took a full time position at Courville in Manchester as a weekend supervisor.

Looking for a little bit of change, in 2015 Jenni started working per diem at Taylor Community. She right away felt "at home," really liking the people and the atmosphere. Jenni fit into our community immediately!

Jenni completed school in 2018 with an AS degree in Health Science and the General Study of Science. She is currently only a few classes away from completing her AS in Nursing, and studying to take the TEAS exam to re-enroll in the online nursing program to complete this degree.

## Welcome New Staff!

**Gretchen Gandini, Gilford**, joins Taylor as Director of Development and Community Outreach. She attended Holy Cross College and holds a BA in English. A stay-at-home parent from when her oldest son was born, Gretchen helped with the WOW Trail as their part-time executive director for the past 5 years. She also holds a seat on Gilford's school board. Gretchen, husband Keith, and boys — Patrick, 13, and Kyle, 12 — enjoy skiing at Gunstock, hiking the Belknap Range, and bike riding. Gretchen also likes to run, and has run the Boston Marathon twice.

**Rachel Breen, Meredith**, joins us as LNA; she earned her credentials through the Red Cross. Divorced, with 4 children and 5 grandchildren, Rachel's family means everything to her. She especially enjoys the outdoors, hiking and the beach. Her 8-year-old pitbull, Dante, is her best friend.

**Jennifer Nazarian, Hill**, joins us as LPN. Jennifer attended the New England School of Practical Nursing. She has children and several pets.

**Jim Vossberg, Tilton**, joins us as Custodian. Jim attended UMASS Lowell, is a certified purchasing manager and holds a certificate in operations management. He worked from 1979 — 2016 as a manager in various fields, including high-tech manufacturing, education, and others. He worked also as a regional sales and marketing manager and in the radio business. Jim loves sports, especially the Patriots and Red Sox, and likes snowmobiling, travel, gardening, reading, archaeology, and horticulture.

## Welcome to Taylor Community!

### Staff Spotlight (continued)

Jenni's family enjoys trips to the Maine coast as well as seeing extended family in Jackson and North Conway, and she indulges in a few trips to North Carolina to visit her Dad to help her get through our long winters. Jenni's girls are very active in various sports especially soccer, and 3 out of the 5 girls are on travel teams. Jenni's brother, Matt, has four children with whom Jenni is very involved, and she also has two cats, Fluffy and Nemo, and a dog, Zeus. Jenni is especially and *always* well-received by staff and residents alike, and we are so fortunate to have her working with us here at Taylor!

### Notes from Glendale Senior Dining

In an effort to fully inform all residents and ensure they are well represented, and that all views are appreciated, we will now keep record of all topics discussed at the Food Forums for those who don't attend, but may have requests and/or opinions not represented.

We have kept count of all *What's In Me* brochures taken from the register and there have been two weeks when only one was taken. In consideration of the vast amount of effort and time that goes into producing this brochure, we have made the decision to only offer these detailed pamphlets for the socials, theme meals & other events.

Due to the diverse preferences of our patrons, we have many that only utilize one of the many facets we offer. We have conceptualized several new promotions to incentivize the multiple facets of our services, meant to intrigue the evening regulars to lunch, the lunch regulars to the reservation meals. Additionally, we also hope for the employees to frequent us more, and for greater attendance at Sunday Brunch. Be sure to visit us soon to learn more!

We're coming up on a year now at Taylor Community! We've made tremendous headway, have settled in and learned the many aspects of the community. We have streamlined our services and utilized our time wisely, and now, have started to roll out new programs utilizing our staffs' many skills and interests. As we all know, Julie and Tonya are easily accessible and we see their many contributions to the department; the kitchen team members also each have unique skills and backgrounds. Learn about them further with our new bio wall, coming soon, and see their contributions to our new programs in the very near future. Lou's Baking Corner and Al's Herb Garden will be utilized in Ben's menu writings in addition to my own to ensure a diverse offering of styles.

See you at the Bistro!
