

“Community is much more than belonging to something; it’s about doing something together that makes belonging matter.” – Brian Solis

Dear Taylor Community,

Last fall, many of our residents and staff started hanging out at the local Irish pub regularly. It turns out, Taylor Community was developing quite a reputation for itself—as one of the most consistently generous teams at the weekly Patrick’s Pub Shuffle Series to benefit the Greater Lakes Region Children’s Auction. It’s a great concept—for a \$10 donation, participants are encouraged to go out for a walk/shuffle on a set course from the Pub, and upon return, shuffle into the Pub for a complimentary beverage, a raffle, and fun with friends.

Fast forward to present day, and COVID-19 is preventing the Patrick’s Pub Shuffle from happening as usual. But that didn’t stop our crew from staying active and supporting the cause. In fact, our team of shufflers has grown. Last night we teamed up with Patrick’s Pub to deliver 86 delicious takeout orders to our residents, and earlier in the day, hosted our own campus shuffle to benefit the Greater Lakes Region Children’s Auction. We were amazed at the participation! Sixty-five residents signed up for the shuffle or simply to make a donation to the cause—contributing \$885 to the Greater Lakes Region Children’s Auction. An awesome gesture of kindness from our residents and a great opportunity for all to get outside for some fresh air with friends. I also hear that complimentary beer and wine deliveries were made to all shufflers’ doors last evening.

Our thanks to all who participated. Once again we are reminded what a caring and fun-filled community this is. I hear that there’s interest in continuing shuffling again in the coming weeks, so stay tuned for more info.

Until then, be well, take care of one another, and please keep washing those hands,

Michael

JOKE OF THE DAY Courtesy of a Resident Funnyman

A woman brought a very limp duck into a veterinary surgeon. As she laid her pet on the table, the vet pulled out his stethoscope and listened to the bird's chest.

After a moment or two, the vet shook his head and sadly said, "I'm sorry, your duck, Cuddles, has passed away." The distressed woman wailed, "Are you sure?" "Yes, I am sure. Your duck is dead," replied the vet. "How can you be so sure?" she protested. "I mean you haven't done any testing on him or anything. He might just be in a coma or something."

The vet rolled his eyes, turned around and left the room. He returned a few minutes later with a black Labrador Retriever. As the duck's owner looked on in amazement, the dog stood on his hind legs, put his front paws on the examination table and sniffed the duck from top to bottom. He then looked up at the vet with sad eyes and shook his head.

The vet patted the dog on the head and took it out of the room. A few minutes later he returned with a cat. The cat jumped on the table and also delicately sniffed the bird from head to foot. The cat sat back on its haunches, shook its head, meowed softly and strolled out of the room.

The vet looked at the woman and said, "I'm sorry, but as I said, this is most definitely, 100% certifiably, a dead duck." The vet turned to his computer terminal, hit a few keys and produced a bill, which he handed to the woman.. The duck's owner, still in shock, took the bill. "\$150!" she cried, "\$150 just to tell me my duck is dead!"

The vet shrugged, "I'm sorry. If you had just taken my word for it, the bill would have been \$20, but with the Lab Report and the Cat Scan, it's now \$150."
