“In an unsettling reversal of their teenage years, adult children are now scolding their parents for going out.”

Dear Taylor Community,

In the past two weeks, I’ve received a fair share of phone calls and messages from the sons and daughters of independent residents. Some were thankful that May 18th will be an opportunity for their Moms and Dads to leave campus without being subject to a fourteen day quarantine. Others encouraged me to reconsider this decision, worried about their parents’ safety.

Please know that this decision was not made lightly. We continue to be objective and measured in our approach to re-opening. This is the first of what will be many baby steps. We recognize that it is in the best interest of our independent residents’ mental and physical health to be afforded the same autonomy and responsibility as all New Hampshire residents. At the same time, as New Hampshire begins to flex back open, I remind you that COVID-19 is still very much in our midst here in Belknap County. None of us should be in a rush to get back to life as we once knew it. Please be extremely careful, exercising every precaution. If you go to the grocery store, please wear a mask, keep a safe distance from others, and be sure to sanitize and wash your hands. Please also remember that home remains the safest place to be. Taylor staff will continue to offer free grocery shopping and pharmacy pickups as well as Bistro lunch deliveries. Additionally, the Bistro will be open for al Fresco dining and our hair salon will be re-opening tomorrow at a temporary location at 30 Taylor Home Drive. There is absolutely no need for you to go off campus if you do not want to.

I also remind you that the campus entrance has been temporarily re-configured to allow space for staff to do symptoms checks for all residents returning to campus. Please bare with us as we all adjust to the added traffic at the entrance, understanding that every precaution in place is with the community’s best interest in mind.

In closing, and on behalf of helicopter children everywhere, I remind you to use an abundance of caution if you venture off campus tomorrow.

Be safe and please keep washing your hands.

JOKE OF THE DAY

Courtesy of Resident Beryl Charlton

A little girl was talking to her teacher about whales. The teacher said it was physically impossible for a whale to swallow a human because even though it was a very large mammal its throat was very small. The little girl stated that Jonah was swallowed by a whale. Irritated, the teacher reiterated that a whale could not swallow a human; it was physically impossible. The little girl said, "When I get to heaven I will ask Jonah." The teacher asked, "What if Jonah went to hell?" The little girl replied, "Then you ask him."

FRIENDLY REMINDER: PLEASE STAY OFF THE PORCH

Independent Residents are asked to please stay away from the areas around the licensed buildings, including the front porch at Taylor Home. While we understand everyone is curious and wanting to check out this beautiful new porch, at this time it is for use by Taylor Home residents only. Please keep in mind that Residents in the licensed buildings have very limited options for where they can spend time outdoors, and we ask Independent Residents to please stay away from the buildings so their friends in Taylor Home and Ledgeview can safely use the designated areas around their own buildings. Thank you!
