Contributing to the Sunshine Fund

The Sunshine Fund is a pool of financial contributions by Residents, to be used for staff appreciation. Taylor Resident Association Chairman, Caesar Meledandri, has provided the following guidance for making a contribution.

There is no set amount for a donation to the Sunshine Fund. The majority of the funds go to provide bonuses for the Taylor staff at the holiday season.

The amount each Resident donates depends on the value each person gives to the support and services provided to them throughout the year. Some people give \$50; some people give \$500. It also depends on your individual budget and what you feel you can afford.

If you choose to make a donation to the Sunshine Fund, please make your check payable to "Taylor Home Resident Account."

TRA Corner

Hello All,

I hope that everyone is well and enjoying the beautiful weather. The days have been spectacular. I hope it lasts. Goings on here at Taylor Laconia are as follows:

A) August's TRA Social was once again a hit. Great appetizers, dinner, and desserts. These socials are a great opportunity for new and established residents to get to know one another. Please plan to attend. October's TRA Social will be held on Saturday, October 19th—we hope to see you there!

B) Our musical performances have been exceedingly professional. On Sunday, September 8th, we had the Vintage Quartet, and they were magnificent as always. This concert was held in the Woodside rooms. On September 9th, we enjoyed another great concert—Scheer Jazz. We also had Jud Caswell's Jim Croce tribute, presented at the Pavilion.

C) Our next TRA meeting will be held on Monday, October 7th at 9:30 a.m. All of our TRA meetings are open to all residents, so please come and hear what is going on at the Laconia campus and bring up any questions or concerns you may have.

D) On September 23rd, the Annual Meeting of Incorporators took place. Our new Taylor Community Resident Trustees are Ray Chambers and Peter Webster. If you see these two, please thank them for their desire to serve. Our Trustees work hard to keep the vision of Taylor Community moving forward. If you have any questions, please ask them and I'm sure that if they don't have the answers right away, they will be sure to get back to you with the information you want to know.

That's about it for this month.

Caesar Meledandri, TRA Chairman

Dear Taylor Residents and Friends,

It's an election year and there are lots of surveys out there! So...What do you like best about Taylor Community? Is it...

The delicious food offered at the Bistro, along with the special events there?

"Brain food"- lectures, musical presentations, study and book groups?

Socializing with friends at Pub Nights; monthly social dinners?

Not having to shovel snow in winter and mow the grass in summer?

Off campus trips to interesting destinations?

Speedy responses when your home needs a repair - or just a little TLC inside or out?

On campus physical therapy following surgery or an "oops!" minute?

An extraordinary nursing/care team at our licensed buildings?

Wellness Department offerings of a variety of classes for every level of fitness?

Or...just hanging out with friends in our welcoming common areas?

All of these great opportunities are brought to us by the 319 people who work at the Taylor Community, including Glendale Dining Service and Powerback PT. How could you possibly thank each and every one individually for the differences they make in our lives?

Great news! You can thank the Taylor staff all at one time by supporting the Sunshine Fund! Each year Team Taylor is treated to a December Holiday Party that includes a delicious lunch, gifts, resident- made Christmas cookies and annual bonuses for everyone who has worked at Taylor in the year just ending.

Please support the Sunshine Fund with your check made out to Taylor Home Resident Account with Sunshine Fund on the memo line. Deposit it in the mail room on your campus or mail it to: Maureen Ballester, 435 Union Ave., Laconia NH 03246. Judy Siegel (jssiegel4@mac.com) has answers to all your questions!

Warmly,

****Kindly send gifts prior to November 15th****

Attention, Laconia Campus Gardeners!

With summer all but done, now is the time to finish, or at least start, cleaning up your garden. For example: picking up fallen vegetables (especially tomatoes); pulling out weeds and grass before the seeds fall and grow even more weeds next year. This maintenance is necessary in order to reduce next year's start-up, whether you plan on keeping your garden next year or giving it up. There should be containers available to dispose of your efforts—please don't just throw the vegetation over the bank into the woods.

Thank you!

MUSIC SERIES EVENT - Tall Granite Big Band

Wednesday, October 16th - 6:30 p.m. | Woodside Elm Room

Life's too short to play music that doesn't swing! Or sway! (Or swivel!) That's the unofficial motto of the Tall Granite Big Band. This unique group got its start in 2014 when a handful of Concord-area musicians seized the opportunity to acquire a collection of big band charts assembled over the post-World War II decades by Houston trumpeter, music store-owner and bandleader Johnny Dyson. Johnny's tastes ran to the Swing Era classics by Basie, Miller, Goodman, Ellington and Herman, et al., with significant excursions into the Blues and Latin sounds characteristic of the Gulf Coast. Join us for this fun evening of music and swing dancing!

Oriental Bittersweet at Taylor

by Dean Anson

Oriental bittersweet is neither bitter nor sweet! It is an invasive plant that has invaded our campus. As its name suggests, oriental bittersweet was introduced from Asia. Because it does not have any natural enemies in the U.S., it takes over our gardens, fields, and forests, and outcompetes our native bittersweet.

The pictures above of oriental bittersweet on our campus show how it can strangle our pine, oak, and other trees and shrubs. As the bittersweet vines grow, they not only block the sun from native vegetation, but also weigh it down and cause trees and shrubs to collapse.

I remember my mother picking bittersweet and making it into holiday wreaths because of the pretty yellow and red seeds. These seeds, when they fall on the ground, can cause further propagation of the plant. In addition, bittersweet seeds are spread by birds who eat them.

So, what to do about this invasive bittersweet? Because it is so widely spread on our campus, small seedlings and vines need to be pulled up, leaving their orange roots exposed to the air. Larger vines,

including those having yellow and red seeds, can be more challenging to deal with because of the size of the vines.

a recent meeting with Michael Flaherty and Taylor's grounds experts requested by concerned Taylor residents, we discussed options for how we can work together to control bittersweet on our campus without breaking the budget and increasing resident fees. We suggested that residents who were so inclined could deal with smaller vines and seedlings around their cottages, while our grounds staff addressed the larger vines as well as the seedlings and vines in common areas.

This ongoing battle with bittersweet will take time to keep it from taking over our native trees and shrubs. The team of residents and grounds experts will make a difference and we can see where staff and resident efforts have already made an impact on the problem.

To further our knowledge of how to identify and address bittersweet and other invasive plants, Brenda Kean has arranged with Doug Cygan of the NH State Department of Agriculture to make a presentation to the Taylor Community. Mr. Cygan will make his presentation on October 2nd at 2:00 p.m. in the Woodside Elm Room on our Laconia campus.

*presented by the
Student Conservation Association*

Thursday, October 3rd • 2:00 p.m.

How has New Hampshire's climate been changing over recent decades? We have all likely witnessed some changes in our lifetimes. Increased precipitation, decreased water quality, shorter sugar maple seasons and more extreme weather events are some examples of the environmental changes that have taken place. Join us at this discussion with Kendra Dean from the Student Conservation Association.

“That Reminds Me of a Story,” with Rebecca Rule

**Thursday, October 17th • 2:00 p.m.
Sugar House Maple Room**

Stories speak to us of community. They hold our history and reflect our identity. Rebecca Rule has made it her mission over the last 20 years to collect stories of New Hampshire, especially those that reflect what’s special about this rocky old place. She’ll tell some of those stories—her favorites are the funny ones—and invite audience members to contribute a few stories of their own.

Rebecca Rule hosts *Our Hometown* on NHPBS. Each program features a different New Hampshire town, and its stories about what makes that town special, as told by its citizens.

She’s been telling stories in New England, especially New Hampshire, for many years. She hasn’t visited every town in the Granite State, but has found her way to most of them—speaking at libraries, schools, historical societies, church groups, and charitable organizations. She likes collecting stories because “they’re free and you don’t have to dust them.” Our stories are our identity. They hold our history, our culture, our heart.

Her books include “N is for New Hampshire,” an ABC book with photographs by Scott Snyder; “The Iciest Diciest Scariest Sled Ride Ever!,” a picture book illustrated by Jennifer Thermes; “Headin’ for the Rhubarb, A NH Dictionary (well, kinda);” and “That Reminds Me of a Funny Story.” Her new book, “NH Trivia,” was released this past spring.

"A Beginner's Guide to American Mahjongg" is available at the RAC on a sign-out basis.

A card that shows the hands that can be created with the tiles is necessary to play, and new cards are sent out every year. The current card can be ordered at Nationalmahjonggleague.org \$14/\$15.

Drum Circle

**Every Thursday
11:00 a.m.
Sugar House
Maple Room**

How can a drum circle be healing?

Drum therapy is an ancient approach that uses rhythm to promote healing and self-expression. Therapeutic rhythm techniques have been used for thousands of years to create and maintain physical, mental, and spiritual health. Recent research indicates that drumming accelerates physical healing, boosts the immune system, produces feelings of well-being, and helps release emotional trauma.

Drumming also induces deep relaxation, lowers blood pressure, and reduces stress. Led by Sugar Hill resident Steve Reinhart.

No experience is necessary! We encourage you to join the circle and express yourself!

Men's Group

**Every other Tuesday • 9:00 a.m.
Sugar House Maple Room**

The Men's Group represents a unique opportunity for men to unite, offering each other the support to share their stories and talk amongst friends without judgment. It provides a dedicated space for empowerment. In the company of peers, men offer each other meaningful camaraderie, mentorship, harness each other's strengths, and collectively confront their fears.

Stephen Reinhart is an Energy Healer, Reiki Master Teacher, Akashic Records Consultant, Hypnotherapist, Shamanic Reiki Master Teacher, Crystal Healer, Sound Healer, Gaia Nic Healer, Personal, Executive and Spiritual Coach, and doing mindful meditation for over 50 years.

Death Café

**Monday, October 21st
3:00 p.m.
Sugar House Maple Room**

Are you curious and looking for a safe, confidential place to talk about your thoughts and feelings regarding planning and preparing for your death? Do you have questions? Are you fearful? What is Hospice and Palliative care? How can you talk to your family about your wishes for cremation? Do you want a celebration of life? This is an opportunity to find answers to these questions and many more!

At a Death Café, any and all subjects of dying and death are discussed while we enjoy a beverage and treat. Details and options are yours to ponder,

to learn about and decide. The Café is a shared opportunity for discovery and a closer community. Planning for your own death can offer you peace of mind, not having left a lot of decisions and work for your family or friends. A Death Café is a safe, confidential place to listen, learn, and create.

NOTE: A Death Café is NOT a bereavement group or a grief group... simply an ongoing once-a-month small group conversation around questions and concerns to share and learn from each other... and quite possibly find the “gift” in this process! This is a resident-led group.

Meditation Group

**Every other Tuesday • 9:00 a.m.
Sugar House Maple Room**

Meditation is a practice in which an individual uses a technique—such as mindfulness, or focusing the mind on a particular object, thought, or activity—to train attention and awareness, and achieve a mentally clear and emotionally calm and stable state. Meditation can give you a sense of calm, peace and balance that can benefit both your emotional well-being and your overall health. You can also use it to relax and cope with stress by refocusing your attention on something calming. Meditation can help you learn to stay centered and keep inner peace. Other benefits

can include lower levels of stress, reducing asthmatic episodes, physical pain, insomnia, episodic anger, negative or irrational thinking, and anxiety, as well as improving coping skills, focus, and a general feeling of well-being.

Stephen Reinhart is an Energy Healer, Reiki Master Teacher, Akashic Records Consultant, Hypnotherapist, Shamanic Reiki Master Teacher, Crystal Healer, Sound Healer, Gaia Nic Healer, Personal, Executive and Spiritual Coach, and has been doing mindful meditation for over 50 years.

Safe Haven Ballet (SHB) is thrilled to bring our spirited, full-length ballet of The Nutcracker to the Colonial Theatre of Laconia! Portland Symphony Orchestra presents The Magic of Christmas Preview & Dinner at DiMillo's

Friday, December 13th • 11:30 a.m. departure

This beloved Maine holiday classic brings a delightful combination of nostalgic traditions and unexpected surprises. Experience perennial favorites like the “Hallelujah Chorus” from Handel’s Messiah and “Sleigh Ride” (performed in a distinctly unique PSO fashion—and yes, pun intended for those in the know), new traditions like “The Maine Christmas Song,” and special selections heard for the first time each year.

The matinee showing will begin at 2:00 p.m. and will last about two hours including an intermission. There is a concession snack bar available at the Merrill Auditorium.

As this is the first “preview” showing of the Magic of Christmas, the group rate is just \$31. Please note that we do have seats in the Grand Tier this year; there is an elevator but there are some steps involved to get down to our seats.

Following the Magic of Christmas, our group will dine at DiMillo’s On The Water. Our group has a 4:30 p.m. dinner reservation.

The bus will begin picking up residents on the Sugar Hill campus at 11:30 a.m. followed by pickup at Back Bay. Please RSVP via Community Apps or to Caralyn Russell at (603) 294-1770.
